CAVALRY PERFORMING MARVELS

Paris, Oct. 28.—The vigor of the German attacks on the northwest diminished greatly today after they had carried out two surprise assaults during the night which cost both sides dear.

Real success has been attained by the allies, who have not only prevented a breach in their lines but have made considerable progress and now firmly hold the line from Nieuport to Dixmude and on to the neighborhood of Lille.

Officers who have returned from the front describe a dangerous task performed by the native troops during the fighting along the Belgian coast. They surprised and destroyed a German ammunition park, thus putting out of action several German batteries which had caused great annoyance to the allies who could not reach them with their artillery.

In absolute darkness several natives crept up stealthily and killed the German sentries. They then set fire to the thickets where the ammunition wagons were sheltered, causing all the shells to explode.

German Lines Thinned.
The German lines have been thinned to the south of Lille and St. Quentin and along the lines of trenches leading to the eastern frontier but in the neighborhood of Craonne and Berry-au-Bac on the Aisne where General von Kluck is commanding, the German forces are in great strength.

It is believed that the German troops who captured Antwerp are now massed near the Belgian coast and that additional divisions are assisting them which have been brought from the long front where the siege has progressed for so many weeks.

A recurrence of the German offensive was expected near Craonne, where General von Kluck started a sharp diversion to test the strength of the allies lines and was thrown back. Further east, in the Argonne region and on the frontier severe fighting continues incessantly as the result of which the French troops are reported to have made constant progress.

Cavalry Great for Endurance.
The cavalry of the allies are performing marvels of endurance. One regiment took part in ten encounters in a single day, at the same time covering a distance of 100 miles of ground. The other detachments are doing equally well. Their orders are to hold the Germans back and worry them night and day but they have also developed an offensive movement of their own and have succeeded in driving the Germans on to the reserves.

The allies' artillerymen have successfully adopted a ruse to prevent the German aviators from discovering the position of their batteries. They keep piles of brush wood near their guns and when a German aeroplane is signalled, the brush wood is placed over the guns and the men lie down beneath it or take shelter in the trees, where they remain immovable until the alarm has passed out of sight.

Eight French canon took eighteen German three-inch guns out of action in half an hour between the Aisne and the Oise and prevented the Germans from effecting a plan to cut communications.

Prior to this French and German cavalry fought a minor action, in which the Germans were repulsed.

WILL INTERN RESERVISTS.
Ottawa, Oct. 28.—The Dominion government has decided to intern German and Austrian reservists who might become "useful" to the armies of their countries should they leave Canada. Those who it is considered would not become dangerous will be allowed to go where they please. Large numbers of reservists are gathered at various centers and many of them are without funds or employment.

VESEL BADLY DAMAGED.
London, Oct. 28.—A despatch to the Central News from Rome says: "The captain of an Italian steamer which has just arrived at Naples from Trieste, reports that during the voyage on the Adriatic, he observed an Austrian dreadnaught under way for Pola, the Austrian naval base. The dreadnaught had come from Cattaro, where during a recent action one of her 8-inch guns burst causing a magazine to explode. The vessel was seriously damaged. Her turret was blown up and there were rents in her sides."

LAWFUL MONEY MUST BE SENT RESERVE BANKS

GOLD OR LAWFUL MONEY MUST BE USED IN TRANSFERRING DEPOSITS

Step is Designed to Fill the Vaults of the Twelve Reserve Banks With Money at Once and Will Permit Issuance of Federal Reserve Notes to Member Banks.

Washington, Oct. 28.—The federal reserve board tonight notified all banks that are members of the new system, that gold or lawful money must be used in making the transfer of reserve deposits from the present banks to the federal reserve banks. This step is designated to fill the vaults of the twelve reserve banks with money at once and will permit the ready issue of federal reserve notes to member banks.

The board announced also that this order will apply to subscriptions to be made to the capital stock of reserve banks by the member institutions, which are the first installment of which is due on November 2. The transfer of reserves will begin after the secretary of the treasury makes formal notification of the formal opening of the twelve banks November 16.

"The federal reserve board appeals to the patriotic spirit of all member banks, large and small," said the board in its announcement, "to do their utmost in facilitating the different work now thrown upon the officers of the newly created reserve banks and to do all in their power to secure for the new system the greatest possible success from the beginning."

No completion has been given by the department showing the exact amount of money to be transferred.

The board's announcement in part follows:

"The secretary of the treasury having advised the federal reserve board that formal notice of the establishment of the several federal reserve banks will be given to all member banks on November 16, it is made now for the transfer of required reserves by the member banks to their respective federal reserve banks on that date. It is the desire of the board to arrange for the actual physical transfer of the first installment in such a manner as to create the least possible disturbance to business conditions in any city or section."

"It is, of course, clear that if the banks in non-reserve cities undertake to make the necessary deposit of reserves with their federal reserve bank by remitting checks or drafts on banks in reserve cities, (which checks or drafts can be received by the federal reserve bank for collection only) there may result unnecessary heavy withdrawal of funds from the banks in reserve cities. In the same manner, if banks in reserve cities made remittances of checks or drafts on banks in central reserve cities, an unnecessary burden may be placed upon the latter."

"The deposits of reserves with federal reserve banks must be made in gold or lawful money and in order that the withdrawal of funds from the vaults of member banks may be as nearly uniform as possible and so distributed as to relieve any particular section or sections of unnecessary burdens, the federal reserve board urges all banks to ship from their own vaults gold or lawful money. The federal reserve banks have been authorized to accept and pay the express charges involved in making such shipments."

"The foregoing suggestions also apply to payments on account of the first installment of capital stock due November 2nd."

PROMINENT MASON GONE.

Durham, N. C., Oct. 28.—James Southgate, Sr., widely known as a member of the Masonic order, died here at the age of 82. He was past grand high priest of the grand lodge of Royal Arch Masons. His son, James Southgate, once ran for president on the prohibition ticket.

POLICE ARE RAFFLED.

South Bend, Ind., Oct. 28.—Detectives working in an effort to solve the mystery surrounding the death of Hazel Macklin, 15 years of age, who disappeared on August 19 and whose body was found in Island Park, October 25, did not report any progress tonight. The police are investigating a number of clues which it is thought may lead to the apprehension of the man who lured the Macklin girl from her home by promising her work and then murdered her.

OFFICIAL REPORTS

BELGIUM

LONDON, Oct. 28.—The Belgium minister in London, this evening received the following message from his government:

"Have, Oct. 28.—The situation of our troops on the Yser Canal has improved. The fire of the enemy's artillery has slackened, being subdued by the guns of the fleet. "The operations of the allies at Ypres are very satisfactory."

GERMANY

BERLIN, (via Amsterdam and London) Oct. 28.—The German and Austrian troops in Poland, according to an official announcement issued in Berlin today, have been forced to withdraw before fresh Russian forces advancing from Ivanogorod, Warsaw and Novogeorgievsk after having repulsed all former Russian attacks.

The statement continues: "At first the Russians did not follow and the withdrawal of our troops took place without difficulty. The reserve troops will change their formation according to the situation."

FRANCE

PARIS, Oct. 28, 10:18 p. m.—The official communication issued by the war office tonight says:

"In Belgium two night attacks attempted by the enemy in the region of Dixmude have been repulsed. The German effort on the front between Nieuport and Dixmude appeared to be moderating. Our offensive continues to the north of Ypres."

"Between La Bassée and Lenz there has been slight progress on our part. On the remainder of the front there is nothing to report."

WASHINGTON, Oct. 28.—Official despatches made public here tonight by the French embassy reported successes for the allies all along the line.

"Reports state that everywhere the enemy has received a serious check," said the cablegram.

SOUTH AFRICA

LONDON, Oct. 28.—It is officially announced here that General Louis Botha, commander in chief of the Union of South Africa forces, has routed the commando of the rebel General Christian Beyers and captured eighty prisoners.

LONDON, Oct. 28.—The following official statement was issued tonight regarding the rebellion in the Union of South Africa:

"General Botha reports that he left Rustenburg (a district in the west part of the transvaal colony) on Tuesday morning and proceeded in the direction in which General Christian Beyers, with his commando, was supposed to be. He came in touch with Gen. Beyers' men in the forenoon and drove them in headlong rout the whole day and captured eighty of them fully armed."

"The fighting which took place towards the end of the pursuit ended in the wounding of one of Gen. Botha's men."

AUSTRIA

MANCHESTER, Mass., Oct. 28.—Two official wireless despatches concerning the fighting in the eastern war zone were given out here tonight by the Austro-Hungarian embassy. The first read as follows:

"At Ivanogorod we have made until now 8,000 prisoners and captured seventeen machine guns. One Russian colonel and 200 men surrendered near Jaroslavl. At Zaluzze, southwest of Sniatyn and at Pasieczno the Russians were repulsed. In fights in which we cleared Eastern Bosnia, we captured two guns and a lot of ammunition. In Serbia, between the rivers Drina and Save we carried fortified positions of the enemy and captured four machine guns, 600 rifles and numerous prisoners. A counter-attack made by the Serbians broke down."

The second despatch said: "The situation in the middle of Galicia is unchanged. Heavy fighting is going on southwest of Ivanogorod, where one of our army corps captured ten thousand prisoners."

RUSSIA

PETROGRAD, Oct. 28.—The following official communication was issued today from general headquarters:

"In the battle which has been in progress for four days south of the Piltza river in the forests on the line extending from the Bialogura (Bialobrzegi) to Glowacz, Policzna and Janawice, our troops have inflicted upon the Austro-German force a severe defeat. Between the Piltza and Glowacz the heroic efforts of our troops definitely broke down on October 26, the resistance of the 20th corps and the reserve guard corps of the Germans."

On the center, after fighting of a desperate character, we succeeded in establishing a firm foothold on the border of a forest in the region of the villages of Adamoff, Severinoff and Marianoff."

"On the left wing we captured by assault a defensive position established at Policzna and enveloped a portion of the Austrian troops near Berdzee."

"On the night of October 27, the enemy's corps fell back in disorder towards the line between Edlinak, Radom and Ilija. We captured both

MINER'S LAMP IGNITES GAS IN ROYALTON MINE

CAUSES EXPLOSION OF POCKET OF GAS MARKED DANGEROUS

Coroner's Jury Returns Verdict of "Death by an Explosion" at Close of Inquest Into Deaths of Fifty Miners—No Responsibility Is Placed by the Jury.

Royalton, Ill., Oct. 28.—The disaster at the mine of the Franklin Coal and Coke Co., near here yesterday in which at least 50 men perished was due to an explosion that resulted from a miner's lamp coming into contact with a pocket of gas that had been noted the night before by a mine examiner and marked dangerous.

Three bodies removed from the mine late today brought the total of recovered dead to fifty. Mine officials declared tonight that the mine had been cleared and that they did not expect to find any more bodies."

Some of the loss of life, it was said today, might have been due to the precautionary action of reversing the ventilating fan to suck out black damp after the fatal explosion; but this action, ordered by the mine manager, it is said, by the state mine examiners, saved 285 men, who scattered through the underground passages and finally made their way to the open air. The mine manager, James D. Brown, even went to the bottom the shaft, nearly 400 feet and directed 15 men to safety after the fans were reversed.

These facts were brought out today when the near completion of the work of rescue made possible a careful investigation of the causes of the disaster. The facts regarding the cause of the gas explosion were brought out after an inquiry by members of the state mining board. The facts as to the immediate cause of the death of those who perished were learned from the statements of Leo Bellamy, a miner who escaped through the air shaft and of James D. Brown, mine manager. The coroner's inquest began this afternoon.

"Death by an Explosion" was the verdict returned late today by a coroner's jury at the close of the inquest into the deaths of fifty miners in the Franklin Coal and Coke company's mine near here yesterday. No responsibility for the accident was placed by the jury.

The mine will reopen as soon as burial of all the dead is completed, it was announced tonight. The unidentified dead will be buried by the miners' organization.

Two little girls, four and six years old, each carrying a crucifix were among those who waited in front of an undertaking establishment in Royalton where identification of victims of the mine explosion had been made fatherless by the catastrophe. When the undertaker admitted them they could not find their father but left the crucifix on the desk of one of the unidentified dead. They departed weeping.

The widows of two Italian miners among those killed in the explosion were found dead in their shacks here today. Physicians declared they had died of grief and shock. With scores of others these two women stood at the mouth of the mine all day yesterday and late into the night vainly waiting for their husbands.

SHOULD HUSBAND GRAIN.

London, Oct. 29, 12:42 a. m.—"The German semi-official press has now changed its mind and admitted that the war is likely to last longer than it originally thought," says Reuter's Amsterdam correspondent. "The north German Gazette," the correspondent continues, "in a long article regarding the maximum prices of provisions, urges the necessity to husband the wheat resources. The newspaper estimates that Germany has sufficient corn for bread for the army and the population until the next harvest but it adds that the war may last longer and that the Germans must be able to hold out until a lasting peace is secured."

SUES FOR \$25,000 DAMAGES.

Indianapolis, Oct. 28.—Suit for \$25,000 damages for alleged slander was filed by Thomas Taggart, Democratic National Committee man from Indiana, against Delavan Smith, owner of the Indianapolis News today. The suit is based on an editorial which is said to have appeared in an editorial of the paper today. According to the complaint the editorial made "false," malicious and defamatory charges against Mr. Taggart.

cannons and prisoners. "On the right bank of the Piltza, on the front between Ieffoff and Novomisto, the fighting continues with the same desperation."

"In Galicia the battle is raging along the whole front of the river San. We have taken an additional ten officers and 500 men."

"South of Przemyśl our troops are advancing at certain points. "In East Prussia, the enemy had violently bombarded our positions in the operations in the region of Bakalarjevo. Repeated attacks have all been repulsed."

"The success which we have won to the south of the Piltza and the result of which was the retreat of the enemy on the main front is of the very greatest importance."

War News Summarized

The German and Austrian troops in Russian Poland are falling back before the Russians, but the Germans are pushing their attacks in Northern Belgium. Thus the German government summarizes the situation of its forces in the two war zones on which the interest of the world is centered.

The withdrawal in Poland is before reinforcements in the Russian lines advancing from Ivanogorod, Warsaw and Novogeorgievsk.

On the Nieuport-Dixmude front in Belgium, where for days the allies have been vigorously disputing every inch of ground the Germans have endeavored to attain to reach their objective—Calais—the offensive of the Germans is said by the French to be moderating. The French claim to have made slight gains between La Bassée and Lens. Elsewhere along the line in Belgium there were no operations worthy of mention.

Of the situation along the Yser river the Belgian government said the German artillery fire had slackened, having been "subdued" by the guns of the fleet and that the position of the allies had improved.

The rebel, General Christian Beyers, who joined the forces of Gen. Christian De Wet in revolt against British authority in South Africa, has been defeated and routed by troops under Gen. Louis Botha, commander in chief in the Union of South Africa.

Prince Maurice of Battenburg, cousin of King George, was killed in France as the result of wounds received in battle. Prince Maurice recently was mentioned in a report of Field Marshall French for meritorious service in the field.

At Sarajevo the conspirators who brought about the death of Arch Duke Francis Ferdinand, heir apparent to the Austro-Hungarian throne and his wife, have been sentenced. Gavrio Princip, the man who actually fired the shots which killed the arch duke and his wife, received only a twenty year sentence, while four of his co-conspirators must pay the penalty of death. Others among the conspirators were given sentences ranging from three to twenty years.

Arannd Fallieres, former president of France, has expressed the opinion that the war is only beginning and that "months and months will be required to overcome the military power of the enemy."

The American commission for the relief of the distressed in Belgium has forwarded from London its first consignment of food. The British government has decided that all relief stores for the Belgians must pass through the American commission.

In order to prevent outgoing cargoes falling into the hands of any of the warring nations Secretary of the Treasury McAdoo, has ordered that customs collectors give no information concerning such cargoes until thirty days after the clearance from ports of the vessels in which they are shipped.

WELLS CHOSEN GOVERNOR OF ST. LOUIS FEDERAL RESERVE BANK

Former Mayor of St. Louis Selected by Board of Directors—Must Be Approved by Washington Administration.

St. Louis, Oct. 28.—Rolla Wells, former mayor of St. Louis, and present treasurer of the Democratic National Committee today was chosen governor of the federal reserve bank of St. Louis at the first business meeting of the board of directors. The choice must be approved by the Washington administration before Mr. Wells can assume office. Mr. Wells is 59 years old and has lived in St. Louis all his life.

The salary attached to the position has not been announced but it is believed here it will not be less than \$25,000 a year. Mr. Wells is a graduate of Princeton. He has had wide experience in politics and finance, locally and nationally. He also has been decorated by the Emperors of Germany, China and Japan for diplomatic service while mayor of St. Louis during the Louisiana purchase exposition in 1904.

ASSASSIN GETS 20 YEARS.

Sarajevo, Bosnia, Oct. 28.—via Amsterdam to London, 10:45 p. m.—Judgment was passed today on the Assassins of Arch Duke Francis Ferdinand, heir-apparent to the Austro-Hungarian throne and his wife, the Duchess of Hohenberg. Gavrio Princip, the actual assassin, escaped with a sentence to imprisonment for twenty years years. Four of the conspirators were sentenced to death by hanging, one to life imprisonment, two, including Medjojo Gabrinovic, who threw the bomb at the Arch Duke but which did not explode, to twenty years, one to sixteen years, one to thirteen years, two to ten years, one to seven years and two to three years.

The other defendants were acquitted.

HOLLAND FEELING PRESSURE OF THE WAR

GERMANS ON EAST BORDER CAUSE UNEASINESS THROUGHOUT HOLLAND

Dutch Army of More Than 400,000 Trained Men is Scattered Along Belgian and German Borders—Mouth of Scheldt and All Canals Heavily Guarded.

Rosendaal, Holland, Oct. 28.—Via London—Holland is feeling the pressure of the war almost as much as if she were engaged in it. The report that the Germans are massing large numbers of troops on the eastern border is causing great uneasiness throughout Holland. The alleged discovery of a tennis court with cement nine feet thick on the property of a German in the vicinity of Arnhem and statements that German spies have been active near Arnhem and at other points close to the German border seem to intensify the anxiety of the Hollanders.

A Dutch army of more than 400,000 trained men is scattered at strategic points along the Belgian and German borders. Rosendaal is the principal troop center as it is the only railway gate to Belgium that is now open. Hundreds of military automobiles leave here daily with messages and supplies for the border troops.

All Canals are Guarded.

The mouth of the river Scheldt and all the canals are heavily guarded. A large garrison at Flushing is guarding the docks and railway station in order to prevent any attempt to violate the neutrality of the Scheldt. The river is heavily mined and Dutch cruisers and torpedo boat destroyers are lying at its mouth to give any necessary co-operation to the land forces. The Dutch army is in fine condition. Unfortunately it is just changing its uniforms from blue to gray and consequently the troops make a poor appearance because all the men have not received their new equipment.

The horrors of war have been forced on virtually all the cities, towns and country districts by the Belgian refugees, who are estimated to aggregate 800,000. The Dutch government is paying to the cities thirty cents daily for food for each refugee. The cities bear the other expenses, connected with the influx. The train of furnishing food to the refugees is hard on Rosendaal with its 15,000 population, flushing with 7,000 and other towns with lesser numbers. In these places there are more refugees than inhabitants.

Amersfoort, with a population of about 16,000 has now 16,000 Belgian refugees and interned Belgian soldiers combined. In Groningen there are 2,000 British marines interned.

Wheat Supply Very Short.

Holland depends on the United States and Canada for her wheat. At present the supply is very short. It is said Great Britain is delaying food cargoes to Holland and there is much adverse criticism of this alleged action. Holland is willingly feedings the refugees within her borders but fears are expressed that famine conditions will prevail unless the embargo is slackened.

The refugees are unwilling to return to Belgium, although Holland has offered them free transportation. The appearance of scarlet fever among the refugees at Flushing is causing some alarm owing to the crowded conditions there. There is no compulsory vaccination law in Belgium and the Hollanders therefore are alarmed by reports that there is smallpox among the refugees.

WINTER'S FIRST ATTACK HAS ENDED SAY FORECASTERS

Normal Temperatures Will Prevail For Next Two or Three Days.

Washington, Oct. 28.—Winter's first attack, which brought killing frosts and biting temperatures to many sections of the country practically had exhausted itself tonight. In the south come unusually low temperatures prevailed today but warmer weather was near in their wake. The front line in the east extended as far south as the interior of North Florida.

Portland Maine today established a new cold record for October with a temperatures of 22 and in New York the October mark of 39 was equalled.

The government forecasters tonight normal temperatures would prevail for the next two or three days.

INMAN DEFEATS HOPPE.

Toronto, Oct. 28.—Melbourne Inman, English billiard champion and Willie Hoppe, the United States balk line title holder, commenced their series of mixed style matches here today. The play was devoted to the English game at which Inman demonstrated his superiority by defeating Hoppe 625 to 172 in the afternoon and 625 to 198 in the evening.

RECONSIDER ACTION.

Little Rock, Ark., Oct. 28.—Officials of the Arkansas Bankers Association late today reconsidered their action taken earlier in the day when President George W. Rogers announced that the association would render no aid to the proposed \$135,000,000 cotton pool. President Rogers said the earlier action was caused by a misunderstanding of the proposed plan.

REACH LIMIT OF HUMAN ENDURANCE

Fighting In the Battle In
West Flanders Comes Almost to Complete Stop

FIGHT THEMSELVES OUT

Armies Have Fought Themselves
Out—Men Have Been Without
Sleep or Rest for Ten Days

NEXT CONFLICT FURTHER INLAND

LONDON, Oct. 28.—The limit of human endurance has been reached in the battle in West Flanders and the fighting which slackened yesterday, came almost to a complete stop today. There have been some infantry attacks and these may continue, but despatches from points along the Dutch frontier state that the artillery firing has ceased. Passengers crossing the channel tonight bring the same news.

It was this doubtless that led to the report coming from Northern France that the Germans had retired, having given up their attempt to reach the channel ports.

The fact that the two armies have fought themselves out temporarily and that the Germans' effort to break through the Allies' lines has failed. Neither side could continue any longer, the men having been without sleep or rest for the ten days that the battle has been in progress over the ground which at present is a morass.

The Germans succeeded last Saturday in getting some men across the Yser Canal and they put more men across Sunday. But the forces facing them was too formidable and now the opposing armies are taking a long needed rest.

There is every evidence, however, that the Germans intend to renew their attempt to force their way through to Dunkirk. They are bringing up fresh men and more ammunition and guns but at the same time are taking the precaution to prepare a second line of defense, should their forward movement again meet with defeat.

The new attempt, it is believed, will be made further inland, for the failure of the first one was largely due to the bombardment that the troops and artillery had to undergo from the British and French warships off the coast of Belgium.

This cessation of heavy fighting seems to have extended along the line as far as Arras and the result of it all is that the Germans, while they have suffered heavy losses and have inflicted similar punishment on the Allies, are farther away from the French coast than they were at the beginning of the battle.

The small forces which have been left to hold the line from the Oise to the Meuse while the greater battle is proceeding have been engaging in night attacks at different points, the advantage sometimes going to the one and sometimes to the other. It is said that in one of these night attacks near Craonne the Germans lost 2,000 men.

Along the Meuse the French are advancing slowly between Apremont and St. Mihiel in their effort to cut off the Germans who are holding the latter place.

Russians Make Progress.

The Russian claim to be making progress against the Austrians who advanced through Galicia and attacked their left wing and on the East Prussian frontier they also say that they have repulsed the German offensive from that quarter. The Russians, having had plenty of time are bringing up immense numbers of men and are therefore able to take either the defensive or the offensive on the long front reaching from the Baltic to the Carpathians.

The greater part of Africa has been drawn into the conflict. It is reported that Germans have invaded Angola, one of Portugal's African possessions that there has been fighting on the borders of the German and Belgian colonies in that continent and that the British and Germans have been having more skirmishes.

Rebellion Most Serious.

The most serious affair, however, is the rebellion in the Union of South Africa, although Premier Botha, who withheld the news of the rising led by General De Wet and Beyers until he himself got into action, seems to have indicated a severe defeat on General Beyers, completely routing his command and taking a number of prisoners.

Holland is growing uneasy in the fear that her neutrality may be violated. The mouth of the Scheldt, which the Germans, now they have Antwerp, would find of much service to them and the eastern border of the Netherlands where the Germans are massing troops, are the danger points. The Dutch government declares it is prepared to guard the country's neutrality at any cost.

GREAT CELEBRATION TAKES PLACE AT WAVERLY.

Citizens Rejoice Over Paying Off Bonded Indebtedness of \$30,000 of Old Jacksonville and Southeastern Railroad—Henry J. Rodgers Heard in Splendid Address.

A great celebration was held in Waverly last night on the occasion of the city completing its payment on the bonds, which were purchased at the time when the old Jacksonville and Southeastern railroad was built in 1870. Henry J. Rodgers of this city was the principal speaker, taking for his subject, "History of Waverly's bonded indebtedness."

A street parade was held by the Waverly band and the city officials, citizens, school children joined in a torch light procession half a mile long. The speaking took place in the park before a big crowd. Mayor W. R. Turnbull acting as chairman. After the speaking the bonds and coupons were put on a specially prepared pile of wood and burned amidst much shouting.

Mr. Rodgers' address follows: In 1870 M. P. Ayers of Jacksonville organized the Jacksonville Northwestern and Southeastern railroad, now owned by the C. B. & Q. railroad. The organizer's plan was to run the road to Franklin and from there to Scottville, Ill. As evidenced by the fact that Franklin subscribed and I think issued \$20,000 worth of railroad bonds under the consideration that the road was to run from Franklin to Scottville. When the road was built to Franklin the plans were changed and the road extended to Waverly instead of Scottville. Franklin refused to pay the bonds and beat the issue because the road was not built to Scottville as agreed. So Franklin was the gainer.

My information and knowledge in regard to the railroad coming to Waverly and the bond issue on the same was obtained mostly from Mr. Henry M. Miller who was president of the village board when the proposition was first made. The company agreed that for \$50,000 they would build the road to Waverly. \$38,000 in cash was raised and given to them. Everybody must have wanted the railroad for sure. The right-of-way was given to them also. After this the trouble began that we just getting settled, and are celebrating today.

\$30,000 Was Given.

The promoters came back for \$30,000 more, which in the enthusiasm of the times was given to them in the form of \$30,000 of Waverly 10 per cent twenty year bonds, for three hundred shares of the capital stock of the railroad. Henry M. Miller was president of the village board and he objected strenuously to the bond issue. The question of the bond issue was submitted to the voters. Of the 127 votes at the election over 100 voted for the bond issue.

It was reported that a law went into effect on July 1st, 1870, that no village or city could issue bonds for more than 2 per cent of its qualified assessed value. It was therefore necessary that the election should be held before July 1st. The call for the election had to be 30 days before the voting. It was reported that the election was held though, in less than 30 days. However the issue was carried. Then Henry M. Miller refused to sign the bonds claiming the promoters had failed to comply with their first agreement of \$50,000 and right-of-way.

Mr. Miller stood firm. He was abused and threatened because of his refusal and finally resigned as president of the board. The village board then appointed John F. Woodmansee president. And he signed the bonds for \$30,000. Afterwards the board sold the 300 shares of the capital stock of the Jacksonville Northwestern and Southeastern railroad to M. P. Ayers and the promoters for \$1,000. Mr. Miller told me they never paid the \$1,000.

The bonds were registered with the state auditor, so he made the levy for the taxes to pay the \$3,000 annual interest. The county clerk extended the levy for the tax against Waverly bond interest. The sheriff collected it and paid it over to the state treasurer and he to the bond holders. So for twenty-five years this \$3,000 was collected in this invisible way. So that a great many did not know why they were paying it. The interest of \$3,000 was more for years than the town of Waverly received in taxes for municipal purposes.

Proud of Railroad.

Well, we had the railroad and Waverly was the terminus for 8 or 10 years. How proud everybody must have been of the town of Waverly when the railroad first came to town. I remember the time as being a little snow on the ground when in the afternoon the No. 1 engine with the work train got into the corporate limits. The engine was just north of the Henry Miller homestead. The engine whistled for a long time. Everybody went down to see the wonderful machine. Oh, that was a great day to me. I was then about 8 years old.

E. S. Greenleaf was road-master and general boss. Joseph Baker was the engineer and Thomas Griffin his fireman, Charles Wells the conductor. Joseph Challen was station agent. A. W. Jones, the section boss.

Those trainmen to me were the most wonderful men living. There was in my boyish mind, nobody to compare with them.

That winter the railroad gave a free trip to Franklin and return. I was on that trip you may be sure. The coach was really a caboose with no cupola on it. I remember

that car was crowded so full of people that I nearly smothered. The engine was fired with wood as coal was unknown then. The smoke stack on the engine was like an inverted funnel, the top being about 4 or 5 feet across and covered over with a heavy close meshed wire to keep the wood sparks and coals of fire from burning up the train and everything along the right-of-way. The wood yard was at the Givens bridge where there was lots of timber. Every time the train passed there the tender was piled high with wood about 3 feet long.

Excursions on Circus Day.
On the 4th of July and circus days in Jacksonville when they ran excursions, not having any coaches the train was made up of flat cars. The cars then were built with side and end boards about 12 inches wide which could be taken off or put on when desired. They would take 8 or 10 of these short flat cars and put on the side boards and then put 2x8 planks across the cars for seats about 2 feet apart. Then the cars were run down to Givens timber and there hickory standards about 3 feet high were stood up on each side of the car and boards nailed across the car at the top end. Then this frame work was covered with hickory limbs etc., with the leaves on them, so the cars would be shaded. Of course that kind of a roof wouldn't keep the rain out very good, but everybody went and was happy.

In those days there was lots of drinking and fighting. These excursions always meant fights and sore heads.

Had Only One Engine.

The road only had one engine for about two years, so there was no danger of having a collision. There was no telegraph for at least ten years after the road was built. The train was a combination freight and passenger which stopped anywhere on the run they happened to be delayed. They aimed to make the round trip from Jacksonville to Waverly and return twice each day. If the one engine was out of order or had to be repaired of course the train didn't come.

Waverly was some shipping point about 1880. All the shipping from around Maxwell, Lowder, Rohrer station, Modesto, close to Palmyra, and Scottville, came to Waverly, and came here to ship their products and they hauled back goods of all kinds in return. This being the terminus of the road, Waverly trade increased and she began to enlarge rapidly.

The road was extended to Virden about 1880, then they had two engines and got the first real coach, and put up the telegraph line. Then the passenger train would leave town just like they were in a hurry to get some where. Coal was being mined at Virden and they began to fire the engines with it and people began to use it in stoves, so the use of wood for fuel gradually ceased.

Well, we kept on paying the interest on the bonds until 1890 when they matured. Then Frank Rantz and James E. Hutchinson refused to pay their bond tax to Hardin Cox, the sheriff and collector. So the sheriff brought suit to test the validity of the bonds, because of the short notice of election and other things. This suit was started about 1892. The city clerk had his office in F. B. Ritchie's printing office which was upstairs over Grant Fleming's drug and hardware store where Wemple Bros., bank now stands. On Christmas eve 1892 this building burned with all the others up to the J. A. Crain building. In this fire the city records and minutes were all destroyed, so after about three years of time in the supreme court they declared the bond issue legal, according to the evidence presented.

Rodgers Elected Mayor.

J. E. Hutchinson was mayor and began proceedings to refund the bonds. The ordinance was passed and the election called for April of 1895. At which time the question was to issue 5 per cent 10-20 year refunding bonds carried. And I had the honor of being elected mayor of Waverly at that election with Dr. George R. Bradley, John A. Allen, Edward Wemple, James M. Joy, C. N. Richardson and J. W. Bowyer on the board and John H. Ritchie city clerk.

We immediately began negotiations for the sale of the bonds. We contracted with a broker for \$1,000 to sell the bonds at par. After three or four months endeavor he gave up the job. We then gave Wm. N. Hairgrove who was then in partnership with George W. Smith in the practice of law in Jacksonville, the contract to sell on the same basis. Mr. Hairgrove gave a thirty days option on the \$30,000 worth of bonds to a bond house in St. Louis. They agreed to take them but when Mr. Hairgrove and I went to St. Louis to deliver the bonds the president of the bond house refused to take them. We came back home and returned with George W. Smith to compel them to receive the bonds but did not get an audience with the president of the concern at all. He avoided or dodged us all day. Mr. Hairgrove and I then went to the bond house of Gaylord and Blasing and negotiated with them. They wished to purchase the bonds, but objected to them because the city indebtedness was too high for the equalized valuation of the taxable property which was at that time \$127,000. I think 2 per cent of this amount was the then legal limit of bonded indebtedness, which would be about \$25,000 instead of \$30,000, the amount of the issue. For time however smiled upon us for a Mr. Dorsey Gillespie (he is related to and had visited Dr. E. K. Blair at time) came into the office while we were there. He was a business friend and acquaintance of Mr. Blasing. Mr. Dorsey heard the conversation and the objections. Upon Mr. Dorsey's statement as to his acquaintance with the city of Waverly and the farming community surrounding it Mr. Blasing was satisfied and agreed to buy the bonds at 95 cents on the dollar.

To Meet Bonds at Maturity.

Right here was where \$600 of Mr. Hairgrove's \$1,000 faded from (Continued on page 4.)

CHARLES J. McHATTON DIES SUDDENLY AT HOME

Passes Away of Heart Disease Short Time After Eating Supper Wednesday.—Family Formerly Resided in Mt. Sterling.

Charles J. McHattton died suddenly Wednesday evening at 7:45 o'clock at the family home, 317 Sharp street, following an attack of heart trouble. He had been in his usual health up to this time. Mr. McHattton had finished his supper at 6 o'clock when on going into the sitting room he fainted. His wife summoned her son, Charles Jr., who arrived shortly from up town accompanied by Dr. F. A. Norris. After giving medical aid the physician left, but soon was recalled, but nothing could be done to withstand the severe heart attack and Mr. McHattton passed away at 7:45 o'clock. Mr. McHattton was born in County Antrim, Ireland 75 years ago. After his marriage there he came to America and they settled on a farm near Mt. Sterling, later Mr. McHattton entering the employ of the Wabash railroad. The family moved to Jacksonville in 1901. For several years Mr. McHattton has not been able to work, on account of the infirmities of old age. He was a man of honest, upright life and liked by all who knew him. In his earlier years he was quite active in all his work and was accounted a man of unusual energy. He was a loving father and husband and his sudden passing away comes as a great shock to his relatives and loved ones. He was a member of the church of Our Savior. He married Miss Hester Quinn and she survives him and the following children, Mrs. W. H. Costello, Mt. Sterling; W. P. McHattton, Chicago; Frank of Terre Haute, Ind.; Mrs. Clarence Fuller, Mrs. James Wagner, Margaret, Patrick and Charles, Jr., all of this city. Two children preceded him in death, Lizzie McHattton and Mrs. J. E. Devlin. He also leaves one sister, Mrs. Patrick Welch of Carthage, William McHattton, a brother, died in Mt. Sterling a few years ago. He also leaves sixteen grandchildren and one great grand-child. Funeral services will be announced later.

OIL TREATMENT FOR STOMACH TROUBLES.

A simple prescription made up of a combination of pure vegetable oils is producing wonderful results for sufferers from stomach, liver and intestinal troubles. The remedy, which is said to have originated in France, where it has been used for years by the peasantry, was introduced into this country by George H. Mayr, a leading Chicago druggist, who cured himself of severe stomach, liver and intestinal troubles by its use. Those who have used it say the first dose is sufficient to convince any one of its remarkable merit, and that within twenty-four hours the sufferer feels like a new person. This medicine, which has become known as Mayr's Wonderful Stomach Remedy, is now sold by first class druggists everywhere. It is now sold here by all druggists—advertisement.

PRIOR to 1880 there was no organization, no regulation of hours or shop conditions in the cigar industry. Chaos reigned. Health was bad. Pay was poor. Hours were long and employment unsteady. In addition, the influence of labor in securing remedial legislation was lacking, owing to lack of organization. The birth and growth of the American labor movement brought with it, through its economic strength and its legislative influence the remedial legislation, both in the union and governmental bodies, which has shown remarkable results as regards health in our industries.

The following is taken from a report made by International President Perkins to the membership of the C. M. I. U. of A. It is a compilation of statistics gathered from the locals of the organization in the United States, Canada and Porto Rico. The figures are eminently correct and reliable. They indicate results obtained in the standard of health in the cigar industry through organization.

"In 1888, two years after the adoption of the eight-hour work day, 50 per cent of the deaths that year were caused by tuberculosis. In 1910, the total number of deaths was 588, of which number tuberculosis claimed 126, or 21 1-2 per cent.

"In 1911, the total number of deaths was 622, of which number tuberculosis claimed 136, or 20 1-10 per cent."

BURN RAILROAD BONDS IN PARK

(Continued from Page Two)

His view. We sold. Before they would take the bonds they requested that a resolution be passed authorizing the state auditor to make a tax levy to provide a sinking fund to meet the bonds at maturity, an act required by the bonding law which had not been provided for at the submission to the voters. We left the bonds in St. Louis and I called a special meeting of the council to pass the necessary resolution. Objections were raised against the adoption of the resolution on the grounds that we would collect from the people \$1,000 each year for 10 years which couldn't be paid on the bonds, because none were due for 10 years. All were subject to call then and all due in 20 years. Some of the council thought it better to abandon this issue and have a new election on a 6 per cent bond coming due each year for 20 years. So when the sinking fund was collected we could buy a bond with it and not have the money laying idle for ten years. Under this plan the first \$1,000 bond would have cost the taxpayers \$300 extra interest being an addition 1 per cent on \$30,000 for one year; the second \$290; third, \$280; fourth, \$270 and so on to the last bond which would be ten dollars extra interest. Besides we would have had the expense of another election, printing new bonds, another year's interest on \$30,000 at the old rate of 10 per cent.

After about a week of laboring the resolution was passed. I delivered the bonds, the state treasurer received the money for the new bonds and paid off the old or original issue. The first year after we bought a bond for a premium of \$10, thereby saving \$290. The second year we had to pay \$20. We had \$270 on the second bond. The third year we paid \$35 premium, saving \$235 on it. Besides when a bond was cancelled the state auditor stopped levying interest tax for it which was \$50 per year.

It is evident to all now that passing the resolution was a money saver for the taxpayers. Since 1895 to now Waverly has gone on in the even tenor of its ways paying the bond taxes and buying cancelled bonds and coupons.

From 1870 to 1914 we have paid on the bonds for two streaks of rust laid on the surface of the earth called a railroad: First \$58,000 in cash; bonds \$30,000, 10 per cent interest for 25 years; \$75,000 interest on the 5 per cent refunding bonds for 20 years, about \$22,500, making a total of \$195,500, besides the right-of-way given, covering 44 years of time.

Great Changes Occur.

What a change has occurred during that time. From the hoe to the gang plow. From the sickle and reap hook to the self-binder. From the flail to the steam thrasher. From the ox carts to steam railroads, electric cars, automobiles and aeroplanes. From wood fuel to coal and gasoline. From messenger service to telephone and telegraph and wireless. From tallow dips to coal oil and on to electric sunshine. From a whisky drinking people to practically total abstainers. From slow going to terrific speeders. From two streaks of rust called a railroad to the present C. B. & Q. with its double track and magnificent road bed. From one little locomotive that couldn't pull over ten small loaded cars of 200 tons total to hundreds of the monster mallet type of locomotives that draw with ease 80 to 100 cars of coal weighing over 4500 tons. From children to old men and women (many, many, have fallen by the wayside). From \$30,000 indebtedness to a clear title to Heaven and the earth and the fullness thereof. We are free from debt, may the Lord be blest.

So tonight when we destroy the last evidence of the bonded indebtedness of Waverly, Ill., let us shout and be glad and praise God from whom all blessings flow.

RATIFICATION OF PEACE TREATIES CROWNING ACT OF HUMAN EFFORT

Secretary Daniels Delivers Campaign Speech at Farmington, Mo.

Farmington, Mo., Oct. 28.—Ratification of the new peace commission treaties between the United States and twenty-six other nations was held up as "the crowning act of this decade of human effort" by Joseph Daniels, secretary of the navy in a campaign speech here tonight.

"I never knew of a fight between two men if they let a day of a week elapse before proceeding to get physical satisfaction after their quarrel," said Mr. Daniels.

"Now that we have these treaties with these nations, great and small, the possibility of war is reduced to a minimum; it is a safe prophecy that nobody living today will see the day when these countries engage with war with the United States. If the countries now engaged in war in Europe had treaties of this character they would not now be fighting.

The secretary paid a tribute to Senator Stone who he said left a debt to sustain the President and Secretary Bryan at a critical time.

GUARDING WATER ROUTES. Flushing, Holland, Oct. 28. (via London).—The water routes from Folkestone to Flushing and from the English coast to Dieppe, Boulogne and Calais are being guarded with the greatest care in order to protect shipping against mines and submarines. British cruisers are escorting all trawlers and mine sweepers and other small naval craft over all the routes. British aeroplanes are also scouting constantly. Four Belgian fishermen have been killed near Nieuport in handling a mine that had washed ashore.

PORTION OF MEXICAN GARRISON REBELS

LOYAL FORCE AT JALAPA FINALLY CHECKS UPRISING

One Hundred and Eighty Are Killed and Wounded in Engagement Carranza Protests Against United States Friendliness for Villa.

Vera Cruz, Oct. 28.—A rising of a portion of the garrison at Jalapa last night was checked but only after the loss of 180 killed and wounded, according to estimates received by the American authorities here.

The troops at Jalapa, numbering about 1,500 were quartered in two barracks. Those in one entered the streets and began looting and shooting for Villa. General Manuel Perez, brother of Senora Madero, wife of the ex-president, in command of the garrison, met the mutinous soldiers with a loyal force. There was street fighting for two hours before the mutineers withdrew to the neighboring country. It is reported that their was much larger than that of the loyalists.

It is feared that those in rebellion will cut the inter-oceanic railway between here and the capital. Candido Aguilar as governor of the state is commander of the forces just beyond the American lines and will rush support to Perez should the rebels gain in strength.

Protest to United States. San Antonio, Oct. 28.—Through Roberto V. Pesquera of this city, Carranza's accredited diplomatic representative in the United States, General Venustiano Carranza from Mexico City tonight sent a personal appeal to President Wilson and the state department protesting against the activities of George C. Carothers and the friendliness of the United States for Francisco Villa. The statement was forwarded to Washington for transmission to the white house, by Rafael Zubaran, Capmany. It is bitter in its nature. The statement reads in part:

"We have every reason to believe that the accredited representative of the American government (George C. Carothers) has sold out to Francisco Villa, alias Doroteo Arango. This is his true name. He has assumed the name of Francisco Villa only for reasons known to himself and history alone will tell what crimes his true name of Doroteo Arango may hide. This fact we should like the state department and the American public to know.

"At the very moment that he was openly declaring friendship for the United States he was threatening to invade this nation at El Paso and declared to his closest advisors that he would conquer the nation in a few months campaign. That when a few months ago, Arango was declaring that the conduct of the United States was justified in the Vera Cruz matter he was at the same time swearing vengeance upon this nation.

"I think the Washington administration and especially Mr. Wilson himself should know in view of his Mobile speech and the sentiments expressed then, that the splinters that have played such an important part in American politics and sustained the corrupt administration of the past are in league with this same Doroteo Arango."

AMERICAN MINISTER SAVES PUBLIC BUILDINGS IN ANTWERP

Supplies German Aeroplanists With Maps So That They Might Avoid Shelling Public Buildings.

Antwerp (via London), Oct. 28.—To Brand Whitlock, the American minister to Belgium is due the credit for saving the cathedral and the art galleries, churches, theatres and public buildings in Antwerp during the recent bombardment of that city by the Germans.

When the Germans approached Antwerp Mr. Whitlock asked the German commander, Gen. von Der Goltz, to spare the historic buildings. Thereupon Gen. von Der Goltz agreed to use his good offices in this respect if Mr. Whitlock would prepare maps for the German aeroplanists in order that they might select these places.

General von Der Goltz explained to Mr. Whitlock when he received the maps that his gunners could not absolutely regulate their shells from directions given by the aeroplanists as the guns were located miles away from the city. He added, however, that his men would do their best.

The shooting was so skillful that the palace of justice was the only large government building struck during the bombardment. Two shells hit it but they did only slight damage. A bomb also struck the fence of St. Peter's church. The flight damage done to the city is considered remarkable in view of the fact that in addition to the three days bombardment Zeppelin airships and Taube aeroplanes made attacks on it.

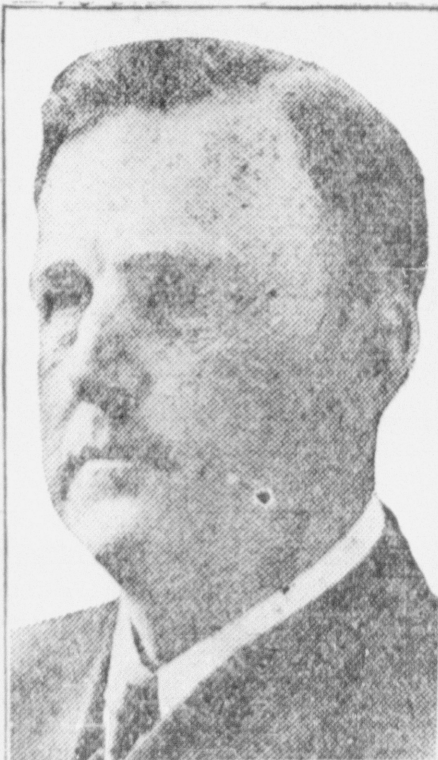

ASKS FOR CANADIAN TROOPS. Buffalo, Oct. 28.—The board of trade of the village of Fort Erie, Ont., opposite Buffalo, has asked the Dominion government to station troops there. The nearest force is now doing guard duty on the Welland Canal, 188 miles away. The possibility of a raid by German sympathizers from the United States was openly discussed at the last meeting of the village council and the action of the board followed the failure of the council to take action.

GERMAN TROOPS IN CENTRAL BELGIUM EXHAUST PETROL SUPPLY

Oil is Issued Only to High Officers—Much Oil Fuel Shipped Back to Germany.

Brussels, Oct. 28 (via London).—The German troops in central Belgium have virtually exhausted their petroleum supply. Oil is issued now only to high officers and then in small quantities. The Germans seized large quantities of oil fuel but shipped it back to Germany. Apparently they are unable to secure a return of this oil.

Letters received here indicate that M. Max, the former burgomaster of Brussels, is still being held in Leipzig by the German officials. His refusal to turn over to the invaders the fire department and ladders led to his arrest. He said the ladders were needed to protect Brussels. When later the Germans took the ladders by force they found that the Belgians had rendered them unfit for service. German mechanics, however, repaired them and took them to Antwerp for use in directing the fire of the gunners.

Andrew Russell.

Andrew Russell of Jacksonville, candidate for state treasurer, was born in Jacksonville June 17, 1856. He was educated in the public schools, the Illinois college and Brown's Business college in Jacksonville. Mr. Russell is chairman of the board of trustees of the State Horticultural society. He has been in the banking business for over forty years. He was president of the Illinois Bankers' association in 1902 and 1903. He served as city treasurer of Jacksonville for five terms and was elected state treasurer of Illinois in 1910.

IN STERLING LIVES A GIRL

Who Suffered As Many Girls
Do—Tells How She
Found Relief.

Sterling, Conn.—"I am a girl of 22 years and I used to faint away every month and was very weak. I was also bothered a lot with female weakness. I read your little book 'Wisdom for Women,' and I saw how others had been helped by Lydia E. Pinkham's Vegetable Compound, and decided to try it, and it has made me feel like a new girl and I am now relieved of all these troubles. I hope all young girls will get relief as I have. I never felt better in my life."—Miss BERTHA A. PELOQUIN, Box 116, Sterling, Conn.

Massena, N. Y.—"I have taken Lydia E. Pinkham's Vegetable Compound and I highly recommend it. If anyone wants to write to me I will gladly tell her about my case. I was certainly in a bad condition as my blood was all turning to water. I had pimples on my face and a bad color, and for five years I had been troubled with suppression. The doctors called it 'Aemia and Exhaustion,' and said I was all run down, but Lydia E. Pinkham's Vegetable Compound brought me out all right."—Miss LAVISA MYRES, Box 74, Massena, N. Y.

Young Girls, Heed This Advice.

Girls who are troubled with painful irregular periods, headache, dragging-down sensations, fainting spells or indigestion, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound.

Regain the Mastery Over Blood Trouble

No Matter How Disheartening
You Can Overcome It.

Blood disorders are quickly checked by S. S. S., the famous blood purifier. It rushes into the blood and in three minutes has traversed the entire circulation. It penetrates to where the blood is made. It washes out those spots and places where stagnation has settled, it cleanses the membranes, drives irritation from the joints, fills the blood stream with antitoxic influence and from head to foot creates conditions that make for blood health. There are people in every community who know this to be true. They have used S. S. S. for severe forms of rheumatism, for indolent, ulcerated spots, for eruptive skin diseases, for any and all those bodily conditions caused by a blood loaded with impurities. Being a pure product of Nature it can not hurt the stomach and has therefore been the refuge of a host of people misguided in their dilemma by first trying to cure their dangerous mercurial drugs which have claimed so many unfortunate. If the skin breaks out in a rash, if boils or other eruptions appear, if there are blood ringings or any other indications of impure blood get a bottle of S. S. S. at once of any druggist. Beware of substitutes. If in doubt as to your trouble or you wish competent medical advice free, write to the medical department, The Swift Specific Co., 58 Swift Bldg., Atlanta, Ga. This department is known far and wide as one of the greatest of help to blood sufferers. But don't delay to get a bottle of S. S. S. today.

DEFENSE CONCLUDES IN FEDERAL SUIT AGAINST U. S. STEEL CO

Chief Counsel for Government Begins Argument in Rebuttal.

Philadelphia, Oct. 28.—The defense today closed its side of the case in the federal suit to dismember the United States steel corporation on the ground that it is an illegal trust and the government began its final attack against the big organization. John G. Johnson, of Philadelphia, summed up for the defense in a two hour speech that held the close attention of the crowded court room and Jacob M. Dickinson, chief counsel for the government in the case, began his argument in rebuttal. He hopes to conclude by tomorrow evening.

Mr. Johnson opened with the general statement that the weight of the evidence in the suit was all against the government; that the things complained of rested upon imperfect statements and that when the government saw that its allegations had not been substantiated by the evidence it should have withdrawn the action. No one has been harmed by the organization of the steel corporation, he said, so far as the record showed nor had any one, be he consumer or competitor, been unfairly dealt with by the parent company, or any of its subsidiaries. In his peroration Mr. Johnson said the court is asked to cut up the great organization into "miserable fragments." He predicted another war after the present European conflict is over, a war in which Germany will battle for the commerce of the world and in which the United States will be as pawns in the United States steel corporation is disintegrated by the courts.

Mr. Dickinson proceeded to the issues in the case said there never was a great corporation brought into court, for some violation of the law that did not hide its head in the claim that to strike it down, would be detrimental to the best interests of the public. He disagreed with Mr. Johnson that the government had not substantiated its case and proceeded to point out what he declared to be conclusive proofs of instances of the violation of the anti-trust law. With infinite detail, he produced testimony of witnesses in the case tending to show that by the merging of competitive companies, the steel corporation had unduly restrained trade and competition. In reply to a question of the court Mr. Dickinson said that if the steel corporation had done nothing unlawful after the organization the government would still have prayed for the dissolution of the corporation on the ground that its formation was illegal.

ADDED TO GENERAL DOCKET.

The following cases have been added to the docket of the Morgan county Circuit court and will come up for hearing at the next term:

Alice J. Jones has filed suit for divorce from her husband, Walter H. Dean. The suit was filed through Mrs. Dean's attorney, Thomas F. Smith.

By their attorneys, Kirby, Wilson and Brockhouse, William G. Looman et al have filed a bill in chancery against George Turnham et al. The same have filed a similar bill against Albert Nunes et al.

E. Etter has filed foreclosure bill for Nannie Thresher against Sallie M. Hask et al.

Nita B. Bennett has filed a bill for foreclosure against Joseph Vedder et al through her counsel, T. E. Smith.

Attorney George L. Merrill has filed a bill for foreclosure for the trustees of the First Baptist church of Jacksonville vs. Amanda J. Tate and S. A. Douglas Tate of Peoria.

DUNNIGAN WILL PLAY.

Minneapolis, Oct. 28.—Merton Dunnigan, who it was announced last night would not play with the University of Minnesota football team against Illinois next Saturday, probably will be in the game after all. Dr. Williams, the Gopher coach said today that Dunnigan felt a duty to the eleven and to the University.

"Dunnigan's loss would weaken the team," explained Dr. Williams, "and he appreciates the fact. His father died Tuesday but he believes it would be his father's wish to go in and fight for Minnesota. It is quite probable the big guard will be in his regular position."

Fall Novels

Jack London writes, pen dipped in gore, of scraps abroad the "Elis-more." The superhero is there on deck, with catfish climbing on his necks and bulwarks are awash with forty kinds of blood, b'gosh. A whooping tale of misfit men—the "Sea Wolf" warmed and dished again. Oh, Jack, your elbow's getting tired; one cannot always be inspired! "The Auction Block", by Rex E. Beach, is more than just a scream—a screech: Rex here forsakes the Arctic strand, the snowy pass and frozen land, and takes our social scheme apart, and shows it has no brain or heart; he writes of snobs and libertines, and sports who live in their machines, and draws a truly frightful sketch of maid for sale to wealthy wretch. And ever as we read we think, "This book is surely on the blink, and when our reading it has ceased, we'll taste it for six months at least. Oh, Rex, can you write such corking tales of heroes lost in Arctic gales, of great things done by rugged men—why does he prostitute his pen, and write this twaddle, rank and raw? There surely ought to be a law." Alas, how far a man must look before he'll find a first class book!

SHERLY ASSERTS UNITED STATES WELL FORTIFIED

Thinks an Attack from the Sea very
Impossible on Any of Our Coast
Fortifications.

Louisville, Ky., Oct. 28.—"The United States is so well fortified, with the exception of two points where work now is in progress that an attack from the sea probably never will be made on any of these fortifications," said Representative Swager Sherly in an authorized statement here today. Mr. Sherly is chairman of the house committee on fortifications and is campaigning in the Fifth Kentucky district seeking re-election to the house.

"The theory upon which the fortifications have been constructed," said Mr. Sherly, who led up to the subject with a discussion of the 17-inch guns used by the Germans in Belgium, the existence of which he said he doubted, "is to protect important harbors from a direct attack by a hostile fleet. This has been done, except at San Pedro, Cal., where emplacements for guns are being built and at the mouth of the Chesapeake where land has been acquired and estimates shortly will be submitted for placing sixteen-inch guns along with the other armament there to protect the entrance.

"Our guns are of the most modern pattern," he continued, "and are capable of destroying the most modern superdreadnaught. Whether it may be thought advisable in the future to prepare certain minor defenses in the rear of our coast fortifications is a matter about which there is some difference of opinion and which likely will continue to receive consideration at the hands of the war college and the general staff."

WAS 83 YEARS OLD.

The venerable Willard Kellogg of Nokomis, Montgomery county is in Jacksonville for a visit with his children, and his 83rd birthday anniversary falling on Oct. 27, the event was duly celebrated by a dinner given at the home of his daughter, Mrs. Edwin J. Rawlings, on East North street. There were present Mr. and Mrs. J. Fletcher Kellogg and daughter, Miss Flossie, Amos W. Kellogg and the host and hostess, Mr. and Mrs. Edwin Kellogg and daughter, Misses Helen and Ruth. Mr. Kellogg though more than four score years of age is in the use of all of his faculties to a marked degree, being blessed with his second sight, and able to read newspaper print without the aid of glasses. He is in excellent health and is able to be up and about where ever he wishes to go, his only deficiency being his hearing which is not as acute as he would wish.

CORONOR TO GIVE

WORK TO UNEMPLOYED
Coroner Clarence Rhodes of Sangamon county, recently made a trip to Chicago where he had a conference with Coroner Peter Hoffman of Cook county. On his return Coroner Rhodes stated that following the conference he had decided to adopt a plan to assist the deserving unemployed men who are unable to find work, this plan would go into effect at once in Sangamon county. No loafers or men who are unwilling to hold steady positions need apply. Those who desire to sit on a jury must make application at once to the coroner giving their name, age, address, length of time employed and the reason why they should be unemployed. In case the coroner will not think the applicant deserving he will not issue summons for jury duty.

HIS ROYAL HIGHNESS WILL NOT ACT AS SPONSOR OF BALL

Prince of Wales Denies Any Connection or Approval of Ball in New York.

Washington, Oct. 28.—The British embassy today issued a statement in denial of the announcement that the Prince of Wales had consented to be honorary sponsor of a ball to be held in New York for the benefit of the bereaved families and wounded soldiers in England. The British ambassador issued the statement at the command of His Royal Highness. The statement was as follows:

"The statement has recently appeared in the New York press to the effect that H. R. H. the Prince of Wales, had consented to be honorary sponsor of a ball to be held at the Biltmore Hotel in New York on November 2, in aid of the Prince of Wales fund and had signified his intention of sending a personal envoy to be present.

"The British ambassador at Washington has received His Royal Highness' command to let it be known that the above statement is absolutely without foundation.

"Sir Cecil Spring-Rice wishes to add that while the many generous offers of help to the wounded soldier and bereaved families in England are very highly appreciated, he feels obliged to disassociate himself from any efforts to raise money for these purposes by means of an entertainment or festivity of any kind. He is confident that any British subject who has generally offered to collect funds in this way, will readily understand his feelings that it would be unsuitable for him to be connected with any such festivities at this time of widespread sorrow and mourning."

BRESNAHAN SIGNS

NO CONTRACT.

Chicago, Oct. 28.—Roger Bresnahan, Chicago National's catcher, admitted today that he had found acceptable the terms offered by the Brooklyn Federal League club, but said he had not signed and would not do so for several days, if at all. Meanwhile he and Bill Armour, manager of the Kansas City American Association team, consulted together today over what they admitted was a proposition to purchase a club in the association. Both Bresnahan, whose home is in Toledo, and Armour, who once was manager of the old "Mudhens", are well known in the Ohio city and rumor had it that the club they sought was that now representing Cleveland in the association which they proposed to move back to Toledo.

MICHIGAN WARRIORS

LEAVE FOR THE WEST

Ann Arbor, Mich., Oct. 28.—The University of Michigan football team left Ann Arbor this afternoon for Amherst, Mass., where it will finish its practice work for the Harvard game on Saturday. The team will move into Cambridge Friday noon. Twenty-four players were in the squad which left today.

Just before departing Coach Yost said: "We are hoping to show Harvard the best we have. It is unfortunate for Michigan that Hughtitt and Splawn are not in the best of condition and it seems too bad that we can't have Galt in the lineup. But, in spite of these drawbacks, we are going to give those Easterners a fight."

FIRST SHIPLOAD OF FOOD FOR BELGIUM LEAVES ENGLAND

All Movements For Supplying Food Must Be Conducted Through American Commission.

London, Oct. 28.—The Dutch steamship Coblenz will sail from England tonight for Rotterdam with the first thousand tons of food purchased by the American commission for the relief of the Belgian people. Coincident with the departure of this ship, the Belgian government has announced that hereafter all movements for supplying Belgium with food must be conducted through the American commission, which is the sole body authorized by all governments concerned, both belligerents and neutrals to perform this task.

This announcement was made because a group of wealthy Ostend residents wishing to contribute \$100,000 today failed to get into touch with the commission until they had sailed to Washington. All contributions and supplies will be under the protection of the American and Spanish diplomatic representatives but the actual work of distribution will be in the hands of the American commission.

COURAGE IN WAR.

What War Teaches—As Well as Business Life.

Courage in war or business is born of good pure blood. Pure blood is the greatest blessing mankind can have.

Millions of people need this powerful vegetable remedy that puts the stomach, liver and bowels in fine condition; that clears the skin of pimples, rash, blemishes and eczema; that dissolves boils and carbuncles; that makes nerves stronger and steadier and gives go pale, weak, rundown people the fullest measure of health and happiness.

Dr. Pierce's Golden Medical Discovery, free from alcohol or narcotics, does just what is stated above, simply because it banishes from the blood all poison and impure matter. It is the world's great Blood Purifier; so enters joints, dissolves the impure deposits and carries them out, as it does all impurities, through the Liver, Bowels, Kidneys and Skin.

If you have indigestion, sluggish liver, backache over the kidneys, nasal or other catarrh, unsteady nerves or unsightly skin, get Dr. Pierce's Golden Medical Discovery today and start at once to replace your impure blood with the kind that puts energy and ambition into you and brings back youth and vigorous action.

A GREAT BOOK EVERY WOMAN SHOULD HAVE

If you will pay the mailing charges, Doctor Pierce will send you his cloth bound book of over 1,000 pages newly revised with color plates and illustrations. Everyone should read and have it in case of accident or sickness in the home. Treats of so many subjects in such an interesting manner that knowledge of the human body is quickly and easily attained by all who read the book.

Send 25 cents in stamps for mailing charges to Dr. Pierce, Invalid's Hotel, Buffalo, N. Y., and enclose this notice.

RUB RHEUMATIC PAIN FROM ACHING JOINTS

Rub Pain Right Out With Small Bottle of Old "St. Jacobs Oil."

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot" and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacobs Oil" is a harmless rheumatism liniment which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache and neuralgia.

Limber up—Get a small trial bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment, you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away—adv.

FIND \$6,000 HIDDEN AWAY IN GLASS JARS

Mrs. Sarah Carleton, Found Dead in Maroon Home Washed for a Living.

After living alone for more than 40 years, after washing, cleaning houses and selling vegetables for the greater part of that time to get a little food to eat and a few clothes to wear, Mrs. Sarah Carleton, of Maroon, died in her home in that city Saturday and left secreted in her home more than \$6,000 in gold and currency. All her friends and relatives supposed that she was penniless and are at a loss to know where she obtained the money.

The cash was hidden in two glass jars. One of the jars was concealed in a secret compartment of a table and the other was found in a wood box. Mrs. Carleton owned the house in which she lived, valued at \$530.

"SYRUP OF FIGS" FOR CONSTIPATED CHILD

Delicious "Fruit Laxative" Can't Harm Stomach, Liver and Bowels.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "Fruit Laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

GRANDMA USED SAGE TEA TO DARKEN HAIR

She Mixed Sulphur With it to Restore Color, Gloss, Thickness.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractive hair. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant—adv.

WORLD'S MARKET NEWS

WHEAT PRICES

MELT RAPIDLY

SPECULATORS FIND MARKET
TEMPORARILY WITHOUT SUP-
PORT.

Early Show of Strength Rapidly Dis-
appears in Last Half of the Ses-
sion—Corn Maintains Firmness.

Chicago, Oct. 28.—Although wheat
showed strength most of the time
today, prices melted rapidly in the
last half of the session. The turn
in favor of the bear side was due to
selling by speculators who round
the market temporarily without sup-
port. Heaviness ruled at the close,
which varied 3 to 3½ under last
night. Corn finished unchanged to
3½ higher, oats off 4½ to 4¾ and
provisions strung out from 35¢ de-
cline to a rise of 22½¢.

Undoubtedly the dwindling away
of buying orders in the wheat pit
resulted to some extent from the
fact that the domestic crop move-
ment appeared to be continuing on
a scale largely in excess of what
was the case a year ago. Besides,
it was noticed that the receipts for
wheat at primary points were more
than double the aggregate of the
shipments and were also twice as
large as the export clearance total.
Corn maintained relative firmness
owing to the smallness of country
offerings. The market was also
upheld by export sales at Milwan-
kee. Seaboard demand acted at
first as a stimulus for the oats
market. Later, however, the ad-
vance tempted many holders to real-
ize and quotations dropped when
wheat suffered a break.

THANKSGIVING IS PROCLAIMED BY PRESIDENT WILSON

Washington, Oct. 28.—The president today issued a proclamation designating Nov. 26 as Thanksgiving Day. The president's holiday proclamation dwelt on the peaceful situation in which America now finds herself while much of the rest of the world is at war.

"It has long been the honored custom of our people to turn in the fruitful autumn of the year in praise and thanksgiving to Almighty God for his many blessings and mercies to us as a nation," the proclamation read. "The year that is now drawing to a close since we last observed our day of national Thanksgiving has been while a year of discipline because of mighty forces at war and of change which have disturbed the world also a year of special blessing for us."

"It has been vouchsafed to us to remain at peace with honor and in some part to succor and suffrage and supply the needs of those who are in want. We have been privileged by our own peace and self-control in some degree to steady the counsel and shape the hopes and purposes of a day of fear and distress. Our people have looked upon their own life as a nation with a deeper comprehension, a fuller realization of their responsibilities as well as of their blessings and a keener sense of the moral their part among the nations of the world may come to be."

"The hurtful effects of foreign war in their own industrial and commercial affairs have made them feel the more fully and see them more clearly their mutual interdependence upon one another and has stirred them to a helpful co-operation such as they have seldom practiced before. They have been quickened by a great moral stimulation. Their unmistakable ardor for peace, their earnest pity and disinterested sympathy for those who are suffering, their readiness to help and to think of the needs of others, has revealed them to themselves as well as to the world."

"Our crops will feed all who need food; the self-possession of our people admit the most serious anxieties and difficulties and the steadiness and resourcefulness of our business men will serve other nations as well as our own."

"The business of the country has been supplied with new instrumentalities and the commerce of the world has new channels of trade and intercourse. The Panama canal has been opened to the commerce of the nations. The two continents of America have been bound in closer ties of friendship. New instrumentalities of international trade have been created which will be also new instrumentalities of acquaintance intercourse and mutual service. Never before have the people of the United States been so situated for their own advantage of their neighbors or so equipped to serve themselves and mankind."

"Now, therefore, I, Woodrow Wilson, president of the United States of America, do hereby designate Thursday, the twenty-sixth of November next as a day of Thanksgiving and prayer and invite the people throughout the land to cease from their wonted occupations and in their several homes and places of worship render thanks to Almighty God."

"In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed."

"Done at the city of Washington this twenty-eighth day of October in the year of Our Lord, one thousand nine hundred and fourteen and of the independence of the United States of America, the one hundred and thirty-ninth."

(Signed) "Woodrow Wilson."

County of Morgan)

In the Circuit Court of Morgan County, Illinois, to the November Term, A. D. 1914.

Arthur E. Prince, and Edward P. Kirby, as trustees, under the will of Lucy M. C. Prince, deceased. Complainants vs. George W. Cooper, Clara Ada Cooper, William E. Cooper and Pearl Cooper, defendants. In chancery. Bill to foreclose mortgage.

Affidavit of the non-residence of William E. Cooper and Pearl Cooper, two of the defendants in the above entitled cause, having been filed in the office of the clerk of said circuit court of Morgan county, Illinois, notice is hereby given to the said William E. Cooper and Pearl Cooper that the complainants in the said cause have heretofore filed their bill of complaint in said court, on the chancery side thereof and that a summons thereupon issued against all of the defendants in said above entitled cause, returnable at the court house in the City of Jacksonville, in said county of Morgan, on the second Monday of November next (1914) as is by law required.

Now unless you, the said William E. Cooper and Pearl Cooper shall personally be and appear before said circuit court of Morgan county, Illinois, on the first day of a term thereof to be held at the court house in the City of Jacksonville in said Morgan county, and plead, answer or demur to the said complainants bill of complaint, the said bill of complaint and the matters and things therein charged and stated will be taken as confessed by you, and a decree be entered against you according to the prayer of said bill. LARGE SCALE PLANS FOR BARBECUE SATURDAY

Ample Preparations being Made for Event in Central Park by Young Men's Booster Club.

Large scale plans are required for the barbecue which is going to be held in Central Park Saturday beginning at twelve o'clock and continuing until two. Hundreds of pounds of barbecued meat cooked in old southern style will be served. In addition to the good menu that has been arranged the Jeffries Concert band will play during the noon hour. The meat will be cooked all Friday night and Saturday so that it will be delicious and appetizing by Saturday noon.

Committees of the Young Men's Booster Club, and students from the High school will help in the serving of the meat, the coffee and the buttermilk. The Barbecue is being prepared primarily for the people living outside of Jacksonville. Tickets have been subscribed and special invitations have been sent out to farmers and residents of the surrounding towns. People from Jacksonville will receive secondary attention and must pay twenty-five cents for a piece of the barbecued meat. The expense connected with such an undertaking is beyond most people's conception and for this reason the meat cannot be served free to all.

Dr. Hieronymus, Community Advisor of the University of Illinois, will address a meeting of the Farmers following the time set for the Barbecue. This meeting will be held in the Circuit Court room of the Court House at 2:30 and every farmer should be present to hear Dr. Hieronymus' message.

SEEK AMERICAN VESSELS TO CARRY COTTON EXPORT

Shipments Will Either be Made via Holland or Direct to Germany.

New York, Oct. 28.—The British government having assured the state department at Washington that cotton, not being contraband, would be allowed to go through to Germany and Austria, American vessels are being sought in this port to carry abroad the first shipment. Robert F. Rose, foreign trade advisor of the state department, in making this announcement here today, said that the cotton would either be landed in ports in Holland and transported into Germany by rail or would be shipped direct to Germany.

It is planned to have the vessels bring back dyes, cyanide, chemicals, medicines, sugarbeet seeds and potatoes on their return trips. Although Germany has lifted the embargo on these products it has been stipulated that cyanide and dyes must be carried in American bottoms. For that reason American vessels are being sought to carry cotton abroad.

The Matanzas, the first steamer laden with dyes from Germany since the embargo was lifted, left Rotterdam for New York today and the Sun, an American steamer will leave Rotterdam November 1, with the first cargo of cyanide. It is estimated that the prospects of 600,000 American textile workers depends on the movement of the German dyes and it is stated that the owners of American gold and silver mines depends on German cyanide to extract those metals.

NO INFORMATION REGARDING EXPORT CARGOES TO BE GIVEN

McAdoo Will Try to Keep News From Getting to Belligerent Nations.

Washington, Oct. 28.—Steps were taken today by Secretary McAdoo to prevent information relating to outgoing cargoes outbound from ports of the United States getting to belligerent nations through agents in this country. The secretary sent the following instructions to customs collectors.

"Until further directed you will refrain from making public or giving out to any other than duly authorized officers of the government information regarding any and all outward cargoes and the destination thereof until thirty days after the date of clearance of the vessel or vessels carrying such cargoes."

The secretary's order is understood to have been promulgated because such information in the past has fallen into the hands of consuls of warring nations and has been used in attempts to capture the vessels.

HAROLD SWIFT ELECTED.

Chicago, Oct. 28.—The election of Harold H. Swift, as a member of the board of trustees of the University of Chicago to succeed Frederick A. Delano marks the culmination of a long struggle for alumni representation on the board.

Mr. Swift was graduated in 1907 and is a grandson of G. F. Swift, the packer. While in school, Mr. Swift took a leading part in the work and life of the undergraduates and since becoming an alumnus, has endowed the Swift prize in the political science department.

TO ADDRESS CLUB.

Mrs. Orville T. Bright, vice president of the National Congress of Mothers, will address the "Women's Club, Saturday afternoon, at 3 o'clock. Her subject will be "Parent-Teachers' Organizations."

PARENT-TEACHERS' MEETING.

There will be a meeting of the Parent-Teachers' association of the First ward at 3:30 o'clock Friday afternoon in the Jefferson school. The subject for discussion is the question of dancing as petitioned for by pupils in the new grammar school.

WORK PERFORMED BY CITY CARRIERS FOR WEEK

Large Amount of Mail Handled by Employees of Local Post Office.

The post office department at Washington recently issued an order by which postmasters are required to keep a record of the work performed by the city mail carriers during the week extending from Oct. 19 to 24.

The daily reports of the various carriers have been compiled under orders of Postmaster Dunlap and the following interesting statistics are learned from a perusal of the tabulated statement:

Estimated population served, 2,100.

Average number of persons served per carrier, 1,615.

Number carriers employed, 13.

Horse equipments, 3.

Number street letter boxes, 75.

Number of other boxes, 9.

In the business district the carriers averaged a daily mileage of 13.04. The average number of letters delivered per day was 996. The number of parcel post packages, 27. The total number of pieces of all kinds of mail handled per day, 1,377. Average weight of all mail matter delivered per day, 132 pounds.

Ten carriers served the residence district and the average weight of the mail matter delivered by them was ninety-four pounds per day. The average number of letters was 417. Parcel post mail, 14 pieces. Total average of all mail handled per day, 691 pieces. Mileage for carriers, 15.1; for mounted carriers, 25.2.

On all the city routes taken together the average weight of mail matter delivered was 101 pounds. Average number of letters delivered 513. Parcel post mail, 16. Average total number pieces delivered, 799. Average mileage, foot carriers, 14.80. Mounted carriers, 25.2.

One parcel post carrier is employed. He delivered an average of 295 parcels per day, making an average number of stops totaling 200. He travels 24 miles per day.

WAR ONLY BEGINNING SAYS EX-PRESIDENT FALLIERES

Frenchman Asserts Many Months Will be Required to Overcome the Germans.

Paris, Oct. 28.—That the war is only beginning is the opinion expressed by Armand Fallieres, ex-president of France in an interview published by the newspaper France De Bordeaux, says a despatch to the Havas agency from the French temporary seat of government.

"Months and months," M. Fallieres says, "will be required to overcome the military power of the enemy, but this does not produce discouragement in France. Our country has acquired the new virtue of constancy in effort."

"We shall certainly be victorious for, without reckoning our ardent patriotism and our inexhaustible moral and material resources we have on our side Russia and Great Britain, with her strength and her tenacity and Belgium as well as Serbia; and, finally, we possess the moral support of entire humanity which loves the ideal of liberty."

"We are fighting for our land, our homes, our wives and our children, but the admirable Belgians are struggling for their honor and for the respect of their plighted word. What an example in front of a savage Germany and an emperor intoxicated with pride."

"The right will not fall and France will not perish. Should we sacrifice our last man and should we be compelled to call out our last reserves I am ready to go. There is only one motto—absolute confidence."

EXPECT 40,000 PEOPLE AT MICHIGAN-HARVARD BATTLE

Michigan Team Expected to Arrive at Noon Today in Cambridge.

Cambridge, Mass., Oct. 28.—With the football team of the University of Michigan on its way to Harvard, for its first game here in more than a quarter of a century interest in Saturday's contest in the stadium increased perceptibly today. There has been a brisk demand for tickets and it is expected forty thousand persons will be at the game.

The Michigan team on its arrival at noon tomorrow will be taken to a suburban hotel where it is expected that the afternoon will be spent in light signal practice and tramps over the Wellesley hills.

On Friday afternoon the visitors will have the use of the stadium for a few hours to get accustomed to its lights and shades.

The Harvard Varsity today had a long session behind closed gates, going through a protracted dummy scrimmage which ended in 15 minutes of real football. All the crumples of last week were in the lineup except Brickley and Soucy.

Mahan dropped three goals from the field in four trials, one of the goals being from outside the forty yard line.

RECALLS RAIN ON WEDDING DAY.

Amos Henderson Remembers Copious Shower of Oct. 28, 1866.

Squire Amos Henderson insists that it rained very copiously all day on Oct. 28, 1866, which was 48 years ago yesterday. He says the occurrence is vivid in his memory from the fact that on that day he and his wife, Miss Emily E. Miller, were united in marriage at the residence of her parents, Mr. and Mrs. Henry Miller on North Main street, the officiating clergyman being the late Rev. Joel Goodrick.

Mr. Henderson was asked how old he was and he replied that he was not old at all, but was young, and in the enjoyment of his faculties, that a man is only as old as he feels and that he feels young to an extreme degree. Someone who was supposed to know, whispered that the 'squire was born in 1840, but as he is bashful about telling his age it is for that reason not told in this story.

EMBARGO LIFTED.

Berlin, Oct. 28.—via the Hague and London.—James W. Gerard, the American ambassador to Germany, has succeeded in securing from the German government the lifting of the embargo placed on 1,000 tons of potash destined for America.

The exportation of potash was forbidden after the war broke out and the shipment this week of the potash through Holland was obtained as the result of Mr. Gerard's intervention. Goods forwarded from Switzerland to New York but which were stopped in Germany because of the war has been freed for shipment.

DR. J. J. HASSETT DIES.

Springfield, Oct. 28.—Dr. James J. Hassett, member of the state board of health died today at his home in McLeansboro. He was appointed last December by Governor Dunne.

Mr. and Mrs. Duard Wells of Beardstown were in the city Tuesday on their way to visit relatives at Mt. Sterling.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle.

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective.

They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

SERIES OF SERMONS AT FIRST BAPTIST CHURCH
Rev. Percy Stephens, pastor of the First Baptist church has announced a series of sermons on the subject, "The Mysteries of Heaven," for Sunday mornings during November. The pastor has just concluded a series of discourses on Christ's Second Coming, which were largely attended from people both in the city and country and which proved most helpful. The series for November follows:

(Nov. 1, "The Possibility of Heaven." Is it an illusion or an actuality?)
(Nov. 8, "The Place of Heaven." Is it spiritual or literal?)
(Nov. 15, "The People of Heaven." Are they physical and knowable?)
(Nov. 22, "The Program of Heaven." Is it Buddhist or Christian?)
(Nov. 29, "The Preparation of Heaven." Is it terrestrial and celestial?)

CHRISTIAN CHURCH VISITATION DAY
MAY BE MADE ANNUAL EVENT

Results of Wednesday Afternoon's Work Gratifying. — Committee-men Call on Local Member of the Congregation—Give Reports at Luncheon.

So well did "Visitation Day" succeed Wednesday at Central Christian church that the practice will probably be continued and the event will find a permanent place in the church calendar. A previously selected committee of one hundred called upon the membership of Central church Wednesday afternoon and made reports on returning to Rev. Mr. Pontius and to Miss Mary Dewese, the pastor's assistant. When the cards had been handed in the committee members adjourned to the dining room for a six o'clock luncheon, served by ladies of the Pastoral helpers under the direction of Mrs. C. B. Graff.

The object of the canvass is to broaden acquaintance among the members of the church, correct addresses and find members of the church affiliated with congregations elsewhere. There was no solicitation for funds and cards were distributed with the sermon topics for the next four months. At the close of the evening luncheon the pastor of the church was heard in a few words of greeting after which several of the committee members made brief talks.

The women of the church on the visiting committee were Misses Florence Rice, Louise Hamilton, Winifred Priest, Eleanor Thompson and Fannie Hulett and Mesdames C. L. Mathis, D. W. Osborne, Elizabeth Harney, J. R. Watt, Frank Byrns, G. B. Andre, S. P. Carter, W. T. Clarkson, Homer Cully, G. T. Douglas, F. G. Sims, U. J. Hale, E. R. Litter, C. L. Rice, LeRoy Craig, S. WOMAN'S COLLEGE GUILD.
An excellent literary and musical program was rendered Wednesday afternoon at the first regular meeting of the Woman's college guild. Dr. J. R. Harker made a brief address to the members and on a tour of the college buildings pointed out various improvements recently completed there. A social hour with the serving of refreshments, followed the program.

Miss Sue Fox gave a reading which was well received and Miss Stella Shuff sang for the company. A piano solo by Miss Geraldine Steber was rendered with excellent facility.

We are fortunate in re-appointing Mrs. Milligan for our dressmaking school next March. The ladies who give us their names now will have the first chance in our dressmaking classes there. For particulars call at our pattern department, Hillerby's Dry Goods Store.

ATTENDED FUNERAL.
The funeral of Mrs. Alice Jones was held in Mt. Sterling Tuesday evening at the residence of her daughter, Mrs. E. S. Rotzger. Those who attended from Jacksonville were Mrs. I. K. C. Pierson, Mrs. W. I. Cretzner and H. H. Knollenberg, also Mrs. William Dawson of Roodhouse.

After the business session progressive games were played, first prize being won by Mrs. John Clay and the consolation prize went to Mrs. Herbert Stringham. In the guessing contest the prize was won by Miss Mary Mandeville. Light refreshments were served. The next meeting will be with Mrs. John Magner, East College street, November 11.

FUNERALS

Brown.
Funeral services for C. M. Brown were held at the residence, 2 miles west of Prentice, Wednesday afternoon at 2 o'clock in the presence of a large number of relatives and friends. The services were conducted by Rev. Mr. Artz of the Ashland M. E. church and music was furnished by the M. E. choir of Ashland. The many beautiful flowers were cared for by Misses Lenora Dahman, Clara Irvin, Lena Irvin, and Grace Irvin.

Interment was made in the Yatesville cemetery and the bearers were William Pierson, John Newell, George Jokisch, John Henderson, George Smith and William Dahman.

EXTRA SPECIAL TODAY AT SCOTT'S THEATRE.

"Under Royal Patronage" Society Drama Featuring Francis X. Bushman and Beverly Bayne.

A palatial Chicago residence is the "royal palace" in the two-reel Essanay photoplay, "Under Royal Patronage", which appears today at Scott's theatre. The settings are probably the most elaborate ever used in a two-act photoplay. Miss Bayne, the heroine, wears gowns made by the famous Worth of Paris and has a costume on which are worn twenty-five thousand dollars worth of jewels.

Mr. Bushman throughout is at his best and his admirers will make a mistake if they fail to see him in this vigorous yet unostentatious portrayal of this interesting character, which gives unusual opportunity for pleasing both the feminine and masculine critic. One goes to the "movies" many times without seeing a two-reel production equal to "Under Royal Patronage."

MATRIMONIAL

Clatfelter-Houston.

The marriage of Harry Clatfelter and Miss Marion Houston, both of Peoria, was solemnized Wednesday at high noon at the parsonage of the Central Christian church, the pastor Rev. Myron L. Pontius officiating. The bride wore a blue traveling suit and there were no witnesses to the marriage except the immediate members of the family of the pastor.

The young people belonged to the Christian church of Peoria of which Rev. Mr. Pontius was pastor before coming to Jacksonville and they desired to be married by him. The bride is the daughter of Mrs. M. T. Houston and is a well known singer. For a number of years she has been connected with the Rannells School of Music of Peoria. The groom is at the head of the Clatfelter Advertising Service and is regarded highly by his business associates.

The young people went to Springfield from here where they will visit before returning to Peoria to reside.

Sheppard-DeFraties.

Edward H. Sheppard and Miss Oia Mae DeFraties were married Wednesday evening at 8 o'clock at the parsonage of Northminster church, the Rev. Walter E. Spoons performing the ceremony. The young people were attended by their man Sheppard, a brother of the groom, and by Miss Alice White. Mr. and Mrs. Sheppard will make their home in Jacksonville.

The bride is the daughter of Mrs. Robert Asher, 1116 Hackett avenue, and was born and reared in the city. She is a member of Northminster church and has been a consistent worker in the Inner Circle Bible class. The groom is a son of J. A. Sheppard, 1030 Hackett avenue. He was reared and educated in the city and is a young man of good repute. Mr. Sheppard is employed by a Jacksonville grocery firm.

IS GIVEN PLEASANT SURPRISE
Charles Souza of North Diamond street was given a pleasant surprise Wednesday evening, the occasion being his forty-second birthday. The self-invited guests arrived about 8 o'clock and spent a very pleasant evening with games and music. Light refreshments were served. Among those present were Mr. and Mrs. Martin Souza, Mr. and Mrs. George Souza and son Clarence, Mrs. Charles Patterson and daughters Daisy and Helen, Fred Souza, Frank Menezes, Miss Lela Henderson, Misses Georgia, Leon, Ruth and Leora Souza, Mrs. Charles Souza and Charles Souza, Jr.

CHRISTOPHER C. MORGAN PASSES AWAY AT FRANKLIN

Morgan County Resident Succumbs to Disease of Stomach After Many Months of Suffering—Burial in Cass County.

Christopher Columbus Morgan, who has been ill for several months with cancer of the stomach, died Wednesday morning at 9 o'clock at the family residence in Franklin, at the age of 67 years, 11 months and 23 days.

Mr. Morgan had been confined to his bed for a long time and for the past five weeks his condition has been very serious. During all these days and weeks of suffering he has borne all with an uncomplaining spirit, and always wanted to be of little trouble to his loved ones. He was a member of the Baptist church, having joined that denomination early in life and was a deacon in the church for a number of years. He was a good, honest, upright citizen, a devoted father and husband and he will be greatly missed in his home and by his large number of friends who had learned to love him for his worthiness.

He was born near Chandlerville, Nov. 5, 1846 and was married Feb. 3, 1870 to Miss Martha C. Phillips at Mt. Vernon, Mo. His wife survives him and the following children, Mrs. Lula Fletcher and Walter S. Morgan of Franklin and William M. Morgan of Charleston, Ill. He also leaves two sisters, Miss Rebecca Morgan of Chandlerville, Mrs. Charlotte Yardley of Kibbourn and one brother, R. D. Morgan of Chandlerville and five great grandchildren.

Funeral services will be conducted from the family home this afternoon at 3 o'clock in charge of Rev. E. S. Vorbeck of the M. E. church. The body will then be taken to the Mt. Olive church near Chandlerville where further services will be held Friday afternoon at 1 o'clock and interment will be made in the Mt. Olive cemetery.

SOPHOMORES SECURE MOST SUBSCRIBERS FOR NAUTILUS

High School Production Will Have Seven Hundred and Forty-five Names on List—Winners to be Given Banquet—Half Day Sessions.

The Sophomore class of the high school won the honors in securing the largest number of subscribers for the Nautilus, getting 225. By so doing they secure the special prize of \$5.00 offered by Prin. Collins and also the honor of being banqueted at the expense of the faculty of both the high school and grammar school. There are 105 pupils in the Sophomore class and John Collins, son of the Superintendent and a Sophomore, had the honor of getting the most subscriptions. He secured 44 in the school and 45 elsewhere making a total of 89. This makes 745 subscriptions to the Nautilus while last year there was only a little over 300 subscribers. Perhaps no school in the state can boast of such a list.

The figures for each class follows:
Seniors 69
Juniors 71
Sophomores 225
Freshmen 132
Eighth Grade 125
Seventh Grade 123
Total 745

Because of the cold weather the school management has decided to have only half day program of recitations in the afternoons.

MORTUARY

Hinkle.

Relatives in Litterberry have received word announcing the death of Mrs. M. C. Hinkle, who died at her home in Lincoln, Ill., Tuesday, October 27, after an illness of about eight months. She is survived by her husband, one daughter, Mrs. C. C. Makes, one son, William Gillard and four step children, Mrs. C. S. Green of Litterberry, Mrs. Charles Gibbs of Chicago, Logan Hinkle of Springfield and T. M. Hinkle of Lincoln.

Funeral services will be held this afternoon at 2 o'clock at the Baptist church in Lincoln.

GERMANS AND BRITISH ARE EXTREMELY BITTER

Wherever Invaders Oppose the English the Fighting is Reported Incassant.

Brussels, via London, Oct. 28.—Evidence is reaching here daily of the extremely bitter feeling of the German soldiers against the British. Wherever the Germans oppose the British the fighting is reported to be incessant.

Between the Germans and the French there is a more cordial feeling. Near Courtrai the French soldiers in the trenches signalled a message to the opposing German soldiers: "This is our colonel's birthday."

The Germans passed the word along the trenches and replied: "We won't shoot much today; let the colonel enjoy the day." The Germans at Liege, Namur and Antwerp are busily engaged in restoring the fortifications and repairing guns spiked by the Belgians. A considerable number of Germans have been killed at Liege while testing the guns thus repaired.

100,000 AUSTRIAN PRISONERS.
London, Oct. 28.—A Petrograd despatch to Reuter's Telegram Co., says the number of Austrian prisoners brought into Kiev since the commencement of the war has reached a total of 100,000.
